

September Mission of the Month Caring Ministries

It's time to review what the team at the Mission House have been up-to. When we put our report together I always stand back and say "WOW", PRAISE GOD our church can touch the needy in the name of our Lord.

The Mission House continues to grow, sometimes I think we just can't do any more; there's not enough time in the day, and it's at that point that I will receive a phone call or a visit from a community co-worker concerned with additional help needed in the community.

I bring the Mission House team together and say, "God has more of His people for us to reach." We then begin to pray for the answers and financial support to come to do additional programs. God is good. He always provides where we cannot. I thank God daily for those hearts touched to help us, and our church families that help financially and by their volunteer hours. Without the church as a whole church involved with Caring Ministries, God's people would not be reached. I want to continue to feed the hungry, provide clothing and shelter. Oh, how pleased God is with each good deed. The love of God grows each time one of His people is brought to us for help, and we are there as He has asked us to provide. Thank you for being a loving church. I love you and so does God. Keep His love in your heart at all times.

Please be proud of your work this year. I will now share with you your accomplishments.

Love, Susan

January to June 2010:

Food provided:	10,000 pounds
Families served:	835
Clients served:	1,772
